

Macchine ed Impianti Elettrici

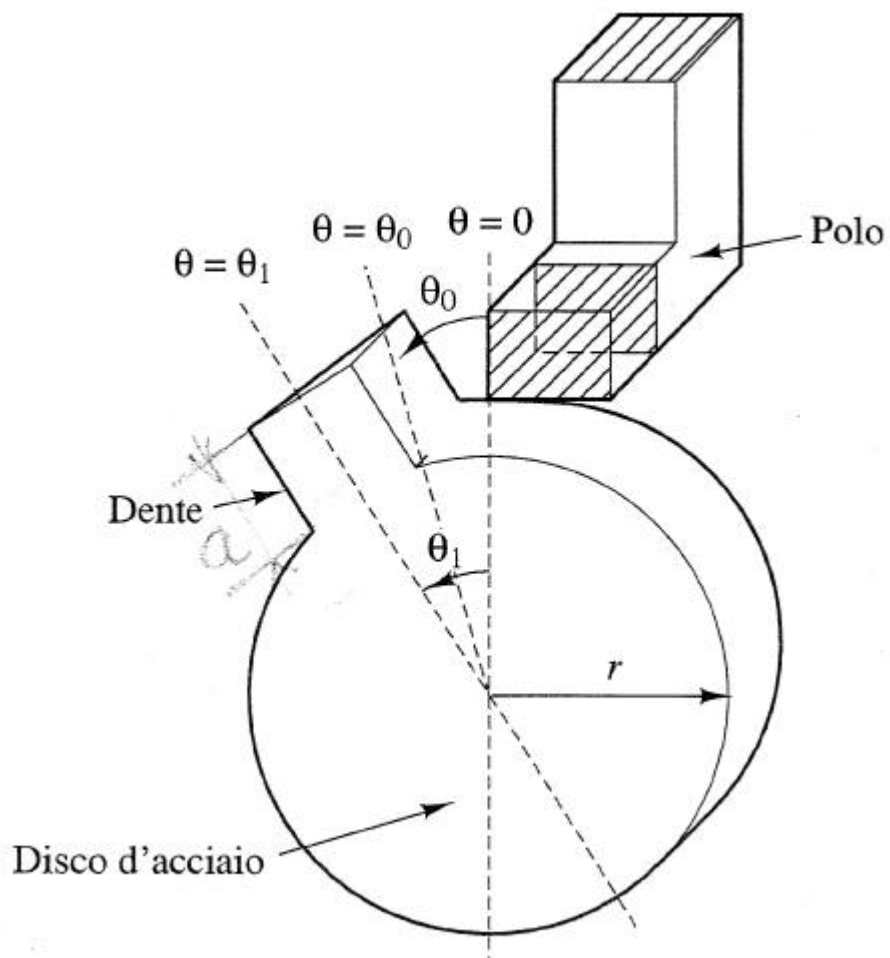

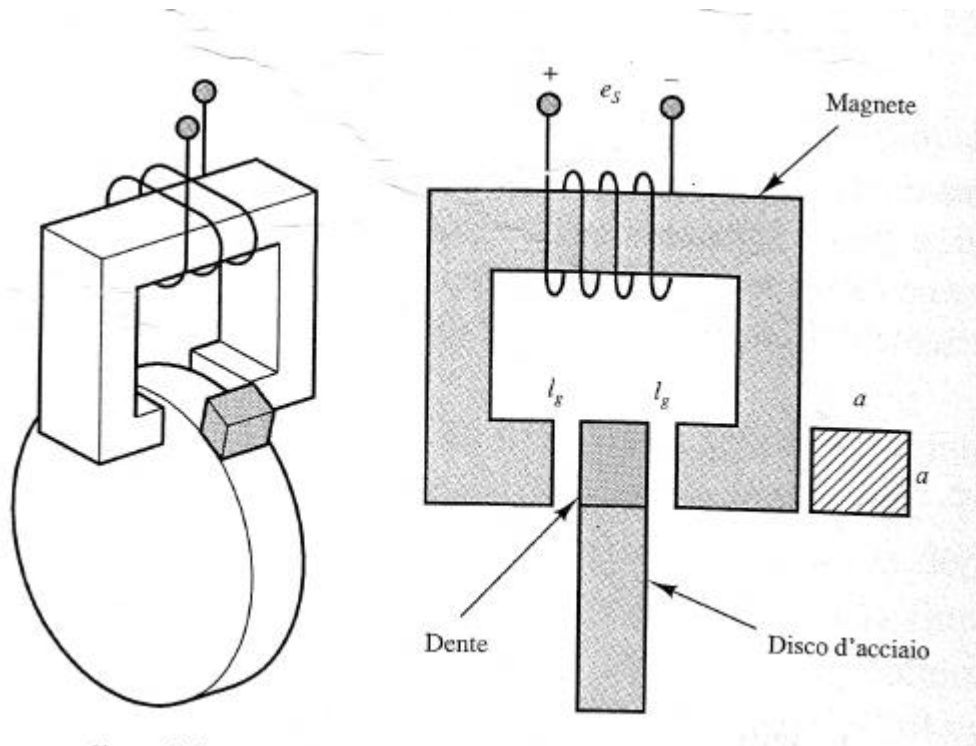

Corso di Laurea Specialistica in
Ingegneria Termomeccanica

Università Politecnica delle Marche

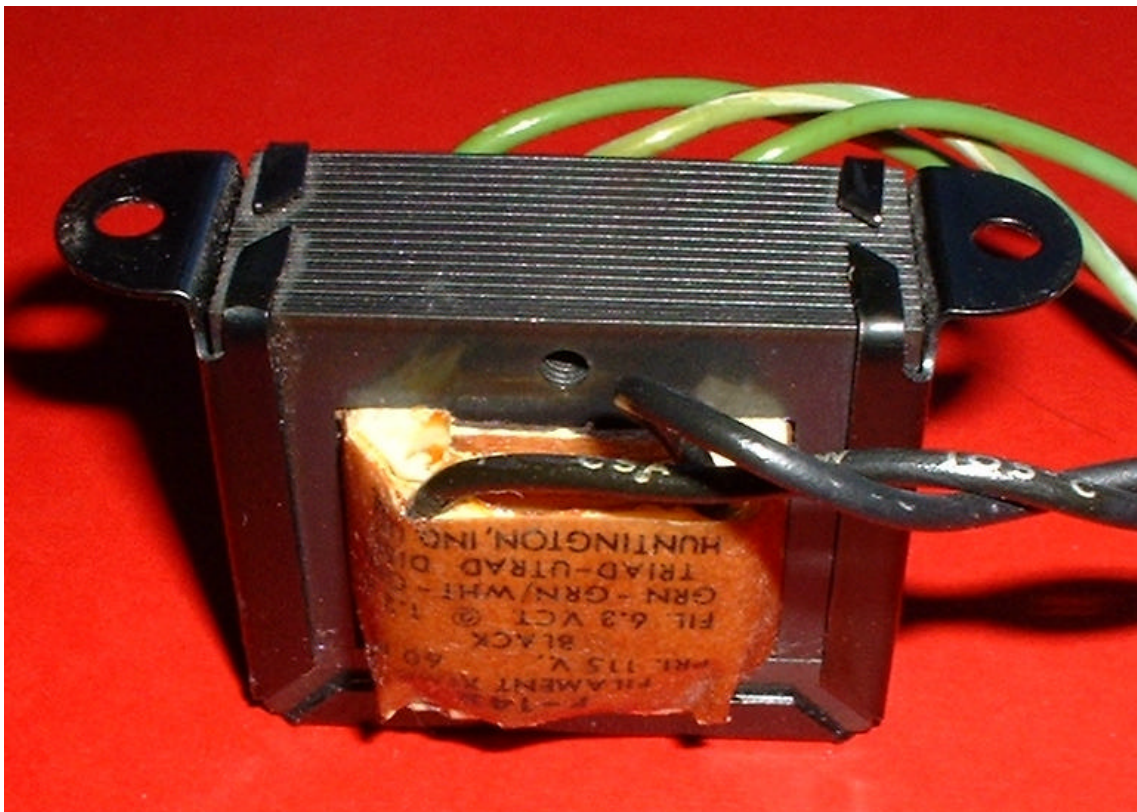

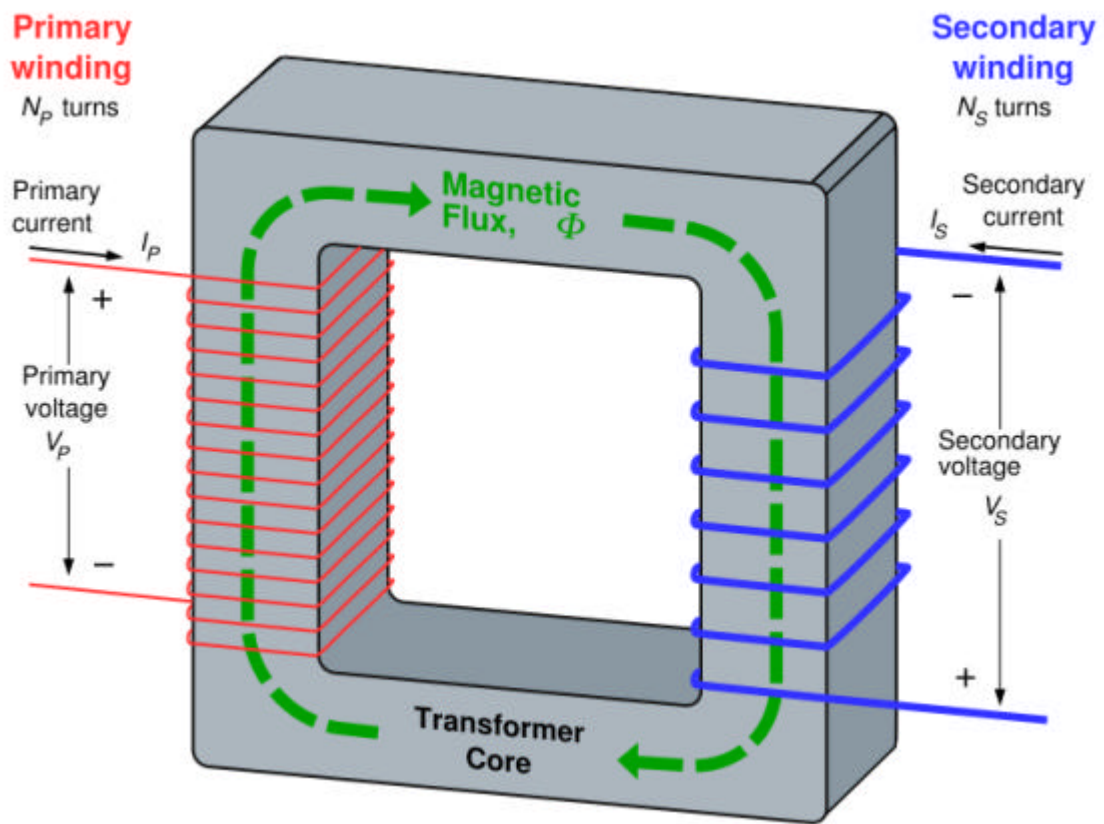

Campo Magnetico

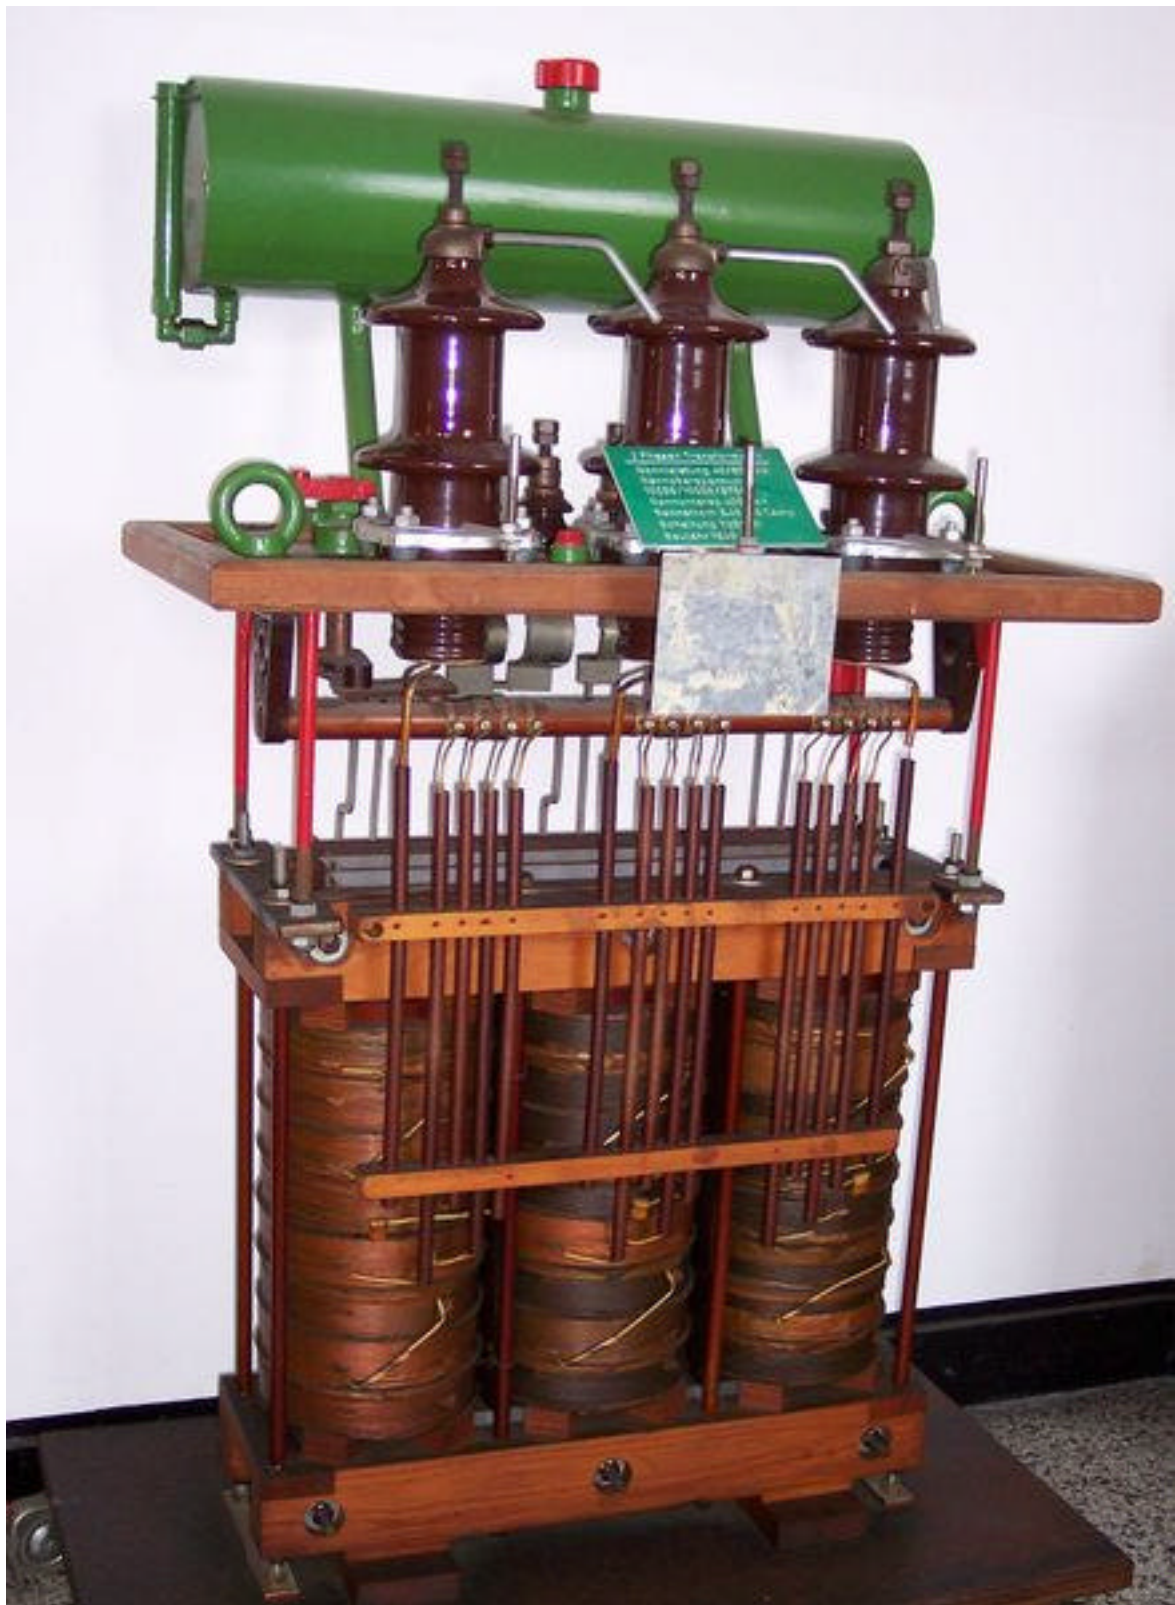

Sensore di velocità di rotazione a riluttanza variabile

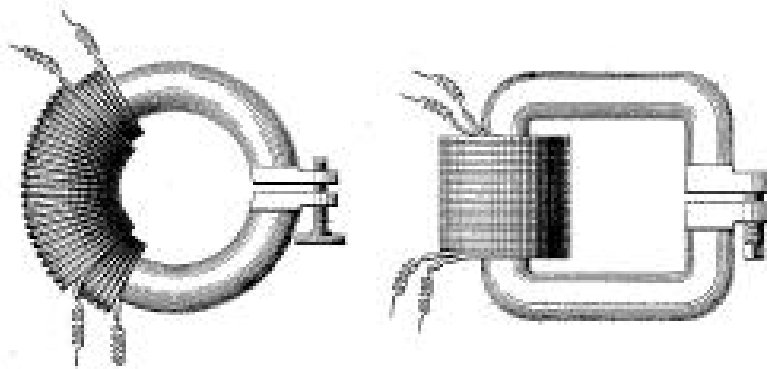

Trasformatore elettrico

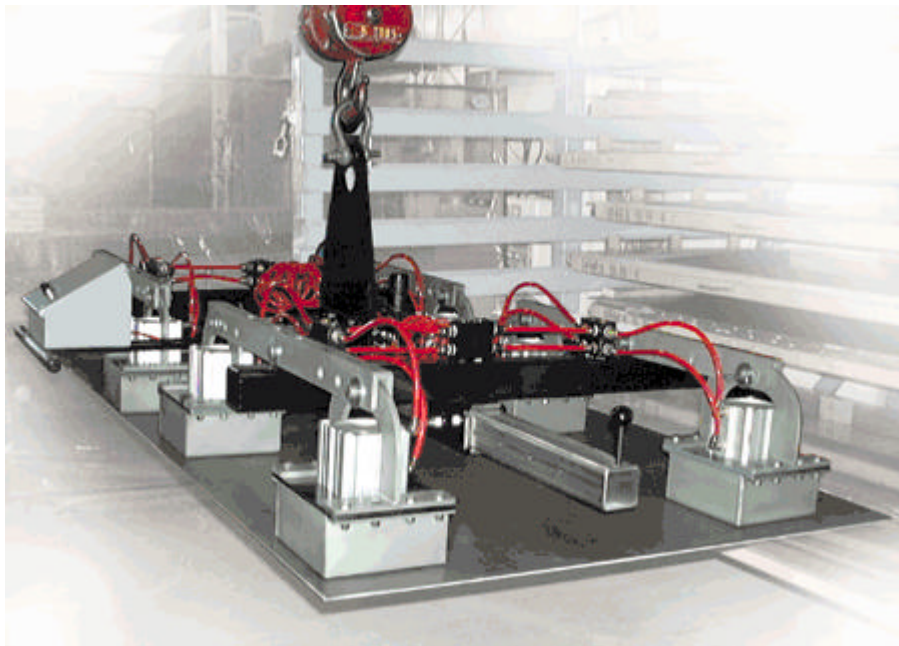

W. STANLEY, Jr.
INDUCTION COIL.

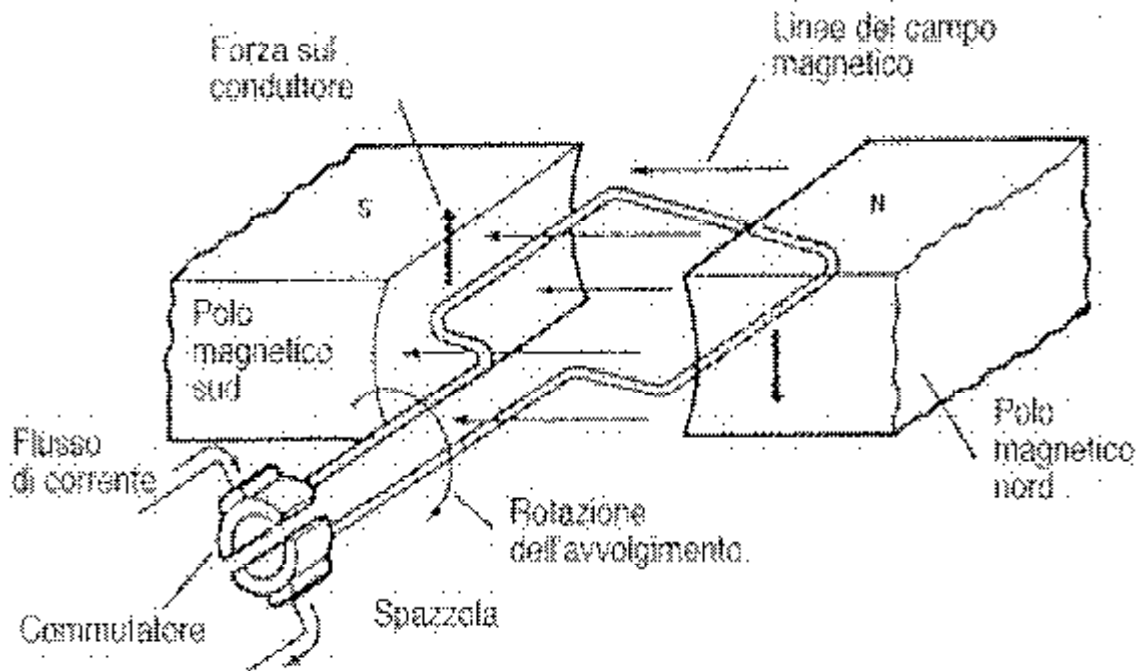

No. 349,611
Patented Sept. 21, 1886.

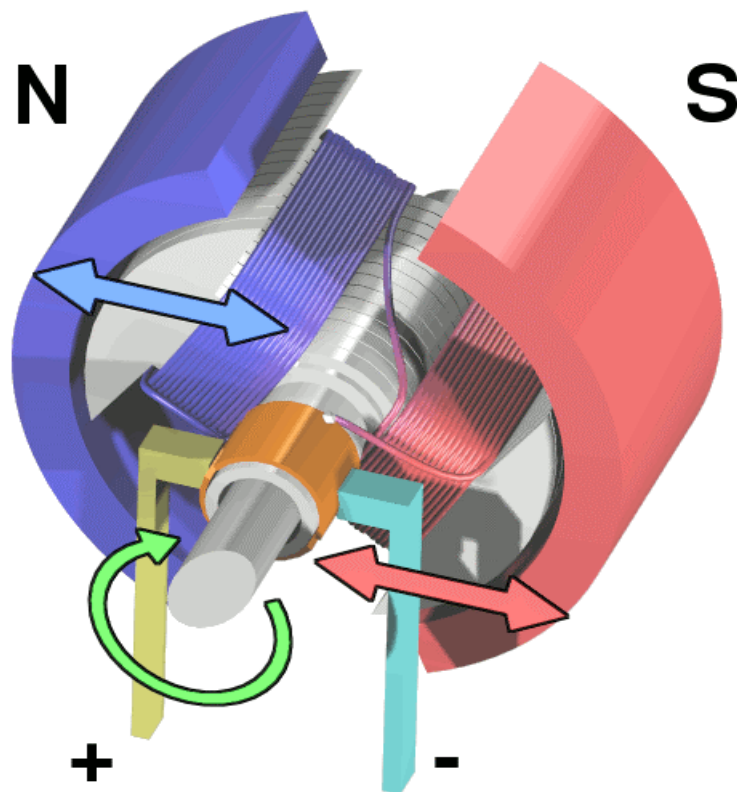

Pinza magnetica (*Electromagnetic Lifter*)

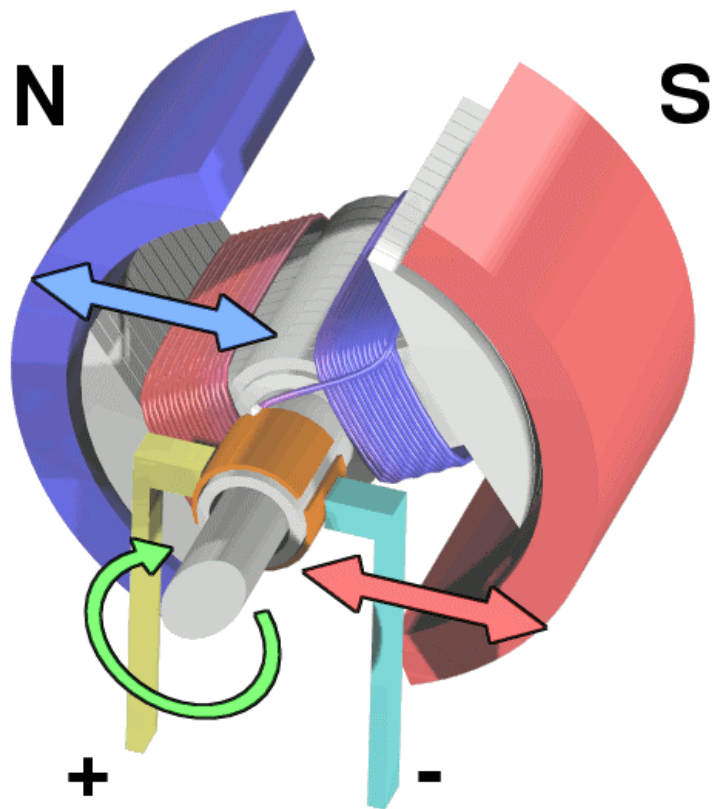

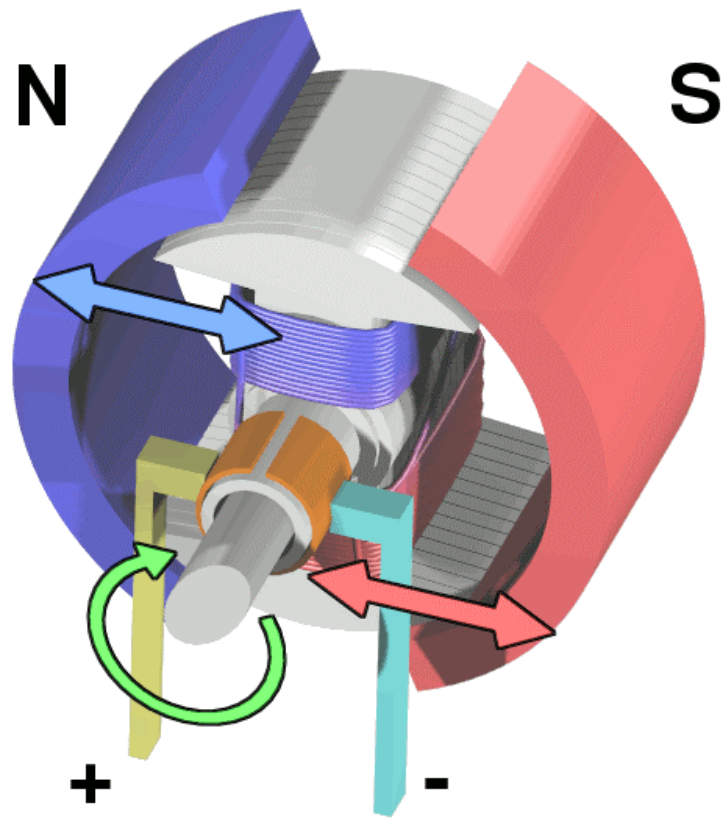

Motore elettrico DC/PM

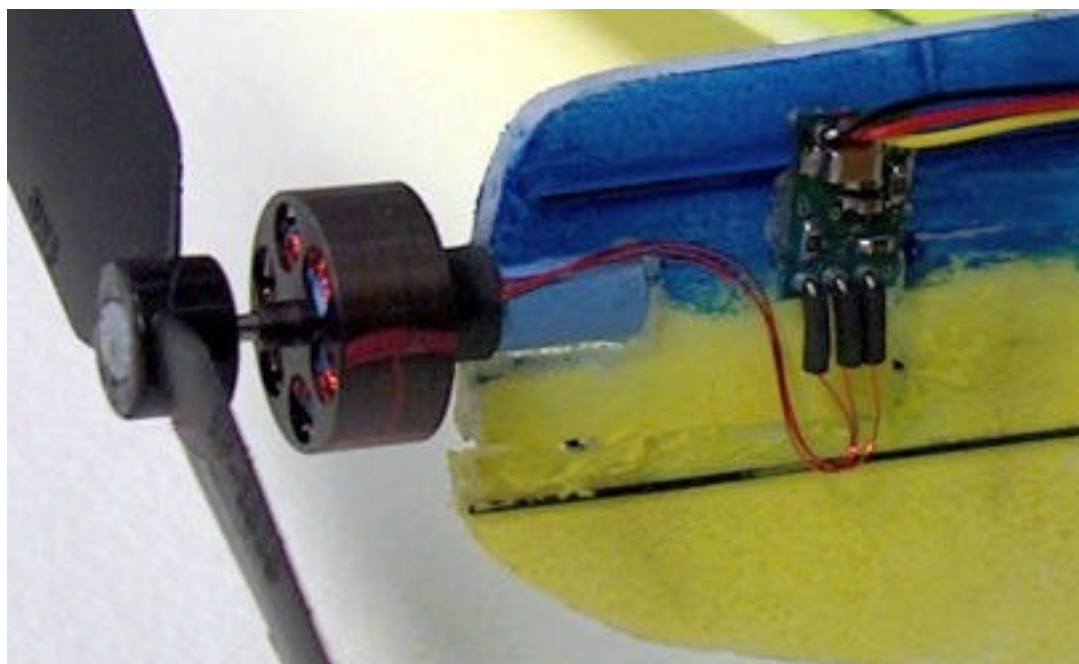

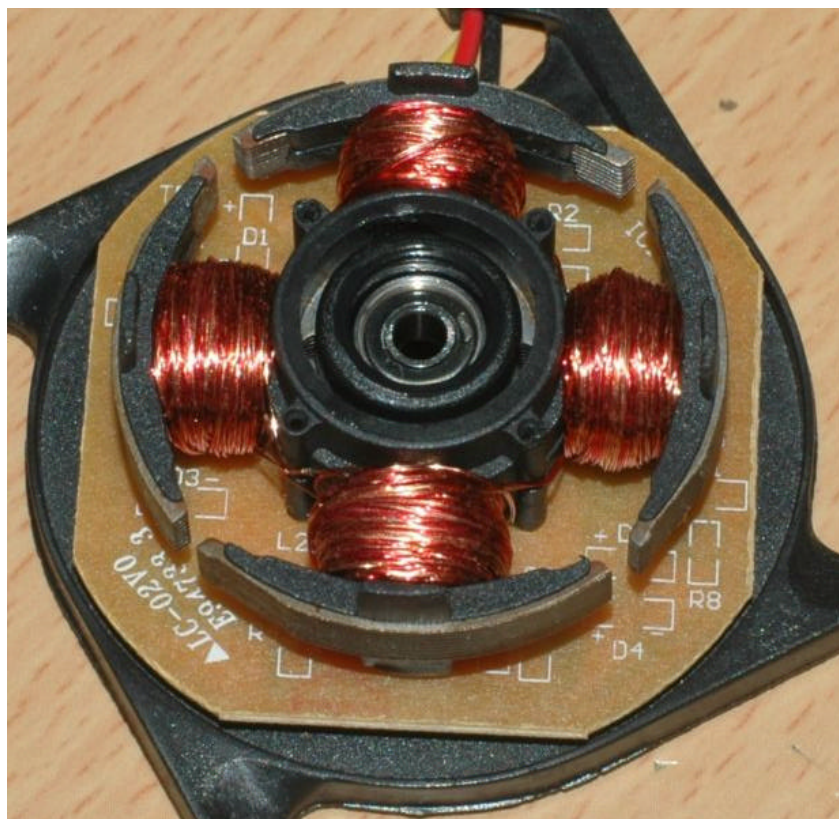

Struttura di base di un motore D.C.

Motore elettrico DC Brushless

Motore elettrico AC trifase asincrono
